

About Our School

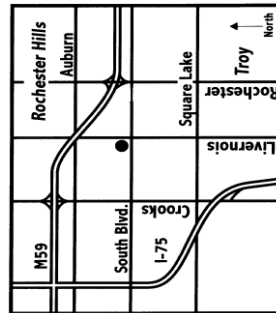

Oakland Steiner School is an independent pre-k through eighth grade Waldorf school founded in 1989. We offer::

- * A multi-dimensional approach that develops the whole child: mind, body, soul and spirit.
- * Hands-on learning, which engages and cultivates a child’s creativity and independent thinking.
- * Integration of science, math, history and all academic subjects with the arts, including music, drama, movement, sculpture and painting.
- * German and French foreign language beginning in Grade One.
- * Music, physical education and handwork beginning in Grade One.
- * Class teachers who stay with a class for several years.
- * A fun, rich and educational experience that fosters a life-long love of learning.
- * A developmentally appropriate curriculum that allows the child to learn at a natural pace.
- * A reverence for life and respect for all humankind.

SEEDS AND SPROUTS

Memories are not made by the number of things that can be squeezed into a day, but by those simple moments when time stands still.

Remember summers when you laid in the grass and watched clouds float by, chased butterflies and buried your feet in the warm sand? Every day flowed gently into the next. In the quiet summer breeze you could hear bumble bees and smell freshly cut grass.

Perhaps this is a treasure that shouldn't be lost, but instead passed from generation to generation. Why not give this gift to your little ones this summer?

In the Oakland Steiner **Seeds & Sprouts** program, children ages 3-6 experience a slower, simpler time like we had growing up. Here, opportunities abound for a child's natural exploration of his or her surroundings. Their senses of wonder and imagination are stretched with well-spun fairytales, puppet plays and nature walks.

Children will work side by side with our trained Waldorf teachers to tend the garden, make nutritious snacks, paint and do everyday household chores. These simple rhythms give children a sense of contentment and connection to the world in which they live.

For close to a century, Waldorf schools around the globe have been working to protect and celebrate childhood.

If you've ever wondered what a Waldorf education could provide for your child, here's the perfect opportunity to find out. Enroll your child in our **Seeds and Sprouts** program this summer.
